The Organic Coconut Cream Powder sold by Cambridge Commodities, Inc. is produced to a standard in accordance with the following:

- Does not contain: meat, fish, fowl, animal by-products including bone char, eggs/egg products, milk/milk products, or honey/honey bee products.
- Ingredients and finished products are not tested on animals.
- Does not contain known animal-derived GMOs or genes used to manufacture ingredients or finished products.

Thank you,

Bailey Pavusko

Bailey Pavusko – QA Specialist

Pesticide Statement

Product: Organic Coconut Cream Powder

The Organic Coconut Cream Powder sold by Cambridge Commodities, Inc. is certified organic by Organic Certifiers in accordance with the USDA National Organic Program standards. This product complies with all regulatory requirements and certification standards. Specifically, with regard to chemical residues, this product can be guaranteed to contain 5% or less of EPA minimum tolerance per chemical and per commodity (as required in section 7 CFR 205.671) when analyzed at single strength or on an "as is" basis.

Thank you,

Bailey Pavusko

Bailey Pavusko – QA Specialist

Solvent Statement

Product: Organic Coconut Cream Powder

There are no solvents used in the production of the Organic Coconut Cream Powder sold by Cambridge Commodities, Inc.

Thank you,

Bailey Pavusko

Bailey Pavusko – QA Specialist

WADA Statement

Product: Organic Coconut Cream Powder

Bailey Pavusko – QA Specialist

The organic coconut cream powder purchased and distributed by Cambridge Commodities, Inc. does not contain nor come in contact with substances listed on the WADA prohibited substance list.

Thank you,

Aflatoxin Statement

Product: Organic Coconut Cream Powder

The Organic Coconut Cream Powder sold by Cambridge Commodities, Inc. is, to the best of our knowledge, free from Aflatoxins.

Thank you,

Bailey Pavusko – QA Specialist

Preservative Statement

Product: Organic Coconut Cream Powder

There are no preservatives used in the production of the organic coconut cream powder sold by Cambridge Commodities, Inc.

Thank you,

Bailey Pavusko

FoodChain ID Standard Ingredient Form

This form facilitates the verification process for enrolled participants. The Non-GMO Project (NGP) Standard requires FoodChain ID to assess all potential GMO (*) risk ingredients, including highly processed ingredients and sub-ingredients. Detailed information from suppliers is required and highly appreciated. Thank you for your cooperation.

<u>Instructions</u>: This form should be used with the latest version of <u>Adobe Reader</u>. The manufacturer of this ingredient should complete, sign and return this form to enrolled participant. In turn, the participant should upload the completed form to their record.
